Manufacturer's Color: _____ Location: _____

FUNCTIONAL AND DECORATIVE ITEMS AND ROOF PENETRATIONS (explain in detail):

Item	Manufacturer	Product ID#	Material	Color/Finish
Attic and Other Through-the-Roof Venting				
Flashing				
Finials				
Metallic Dormers				
Cupolas				
Chimney Pots/Caps				

Provide fully descriptive manufacturer's cut sheets and diagrams to explain all items proposed above.

A 4' x 4' roof material sample panel is required to be set upright as the property in full sun and in public view. It must be approved by the Committee prior to the start of any roofing work, including demolition that precedes re-roofing and be kept on site and available for Committee review throughout the duration of the re-roofing.

NOTE: Materials information regarding installation or replacement of gutters, downspouts, and related items and a site drainage diagram must be submitted to the ACC concomitant with roofing and re-roofing information.
